Description

A lovely walnut pot cupboard with an attractive white marble top. It likely originates from France and dates from the early 20th Century. It has a small drawer above a cupboard door which opens to reveal a shelved interior. It is a good quality piece made from beautifully figured walnut and it stands on small shaped bracket feet. It is in good condition for its age and displays well. There are minor signs of age and use, a few small marks and knocks but nothing detrimental and overall it displays well. There are some signs of old woodworm which have all been treated as a precaution and haven't affected the piece structurally or aesthetically. There is a small crack in the marble top but it is strong and sturdy. It has been cleaned and gently polished and is ready for use. The best description comes from the photos so please look at them all carefully and if you have any questions just ask. Nationwide delivery available through our network of reliable couriers.
