Description

A pretty Edwardian ring with four lovely twinkly single-cut diamonds mounted in a quatrefoil-shaped setting. The ring is solid 15-carat gold, with the diamonds set in silver, and it has a beautiful rich golden colour. Fifteen-carat gold pieces are not overly common (in the UK only really used between 1854 and 1932) and as this fineness was generally used in high quality pieces, it is attractive to collectors. The ring is in very good antique condition with normal surface wear for its age. There is an illegible stamp inside the shank. Size: M and a half (UK), approx 6.5 (US). The face of the ring measures approximately 7mm tall x 8mm wide. Weight: 1.8g. FREE INTERNATIONAL SHIPPING! Apologies but we cannot ship to Germany, any orders from Germany will be cancelled and refunded. Antique boxes pictured are not included unless specified, your item will come in a new box.
