Date of manufacture: Victorian

Dimensions

Height = 43 cm (16.9")

Width = 22 cm (8.7")

Depth = 13 cm (5.1")

Description

if you like fine quality Boulle work with a natural patina developed over 100 years or so - this could be the clock for you. It has a good Jape Frere 8 day movement striking on a gong in good condition and full working order. The case has a bevelled glass panel at the front to reveal the pendulum bob and bring the clock to life. The superb French style brass and ceramic dial compliments the ornate brass work. We accept payment by bank transfer or Paypal
