

SA988806

Antique silver Omega pocket
watch, blue dial

Price

Sold

Item Reference: SA988806

Date of manufacture: 1910

Description

Antique silver Omega pocket watch, blue dial. The watch has a stem-winding movement by Omega which is working nicely. The movement is protected by an inner hinged cover. The watch measures 51mm diameter excluding the winding stem and the loop. The case is silver and there are Continental hallmarks inside the two case backs, together with an Omega logo. The case is in good condition for such an early piece, just a handful of minor bruises but nothing too serious at all. Engine turned detail to the back of the watch, some rubbing in places, and a vacant cartouche to the centre. The glass lens is in good condition. The signed dial is in midnight blue, there is some minor marking but nothing too serious. The watch comes in a new presentation box.
