Description

Regency period super quality large bowfront chest of drawers (oak lined) raised on original turned feet and columns. Circa 1820 Measurements Height 122cm Width 132cm Depth 52cm Please note: This chest needs minor restoration and is priced with that in mind. The chest would benefit from a good coat of wax ! I have highlighted the bits that need attention in the photographs, but they are pretty simple fixes and fairly superficial (a piece of beading on the rear right hand side and cock beading on a couple of drawers).
