

SA989245

Antique Swiss goliath pocket watch

Price

Sold**Item Reference: SA989245****Date of manufacture: 1900**

Description

Antique Swiss goliath pocket watch. The watch has a nicely jewelled Swiss stem-winding movement which is working nicely. The movement is protected by an inner hinged cover. The watch measures 65mm diameter excluding the winding stem and the loop. The case is nickel and it is in good condition with just a few surface scratches to the hinged case back. The watch glass is in lovely condition. The dial has blued steel hands, a subsidiary seconds dial and outer minute markers. There are three hairlines radiating from the centre, and a small patch of hairlines to the edge of the dial, by number 4. The watch comes in a new presentation box.
