## Description

Victorian oak partners desk This Victorian oak partners desk was made circa 1870. Made in 3 parts (this is most important with such desks, as if they are in 1 piece it normally would suggest that it would have been something else originally) the top lifts off the pair of pedestals. Each pedestal is fitted to both sides with 3 graduated drawers and the top section has 3 drawers to each side, each with the turned knob pull handles. The top with an antiqued red leather inset writing surface. These desks make wonderful workstations and give you a large area to work at. Imagine owning this and the pleasure and pride it will give as you have visits from family and friends. 136cms wide 53 1/2ins 107cms deep 42ins 75cms high 29 1/2ins Measurements are approximate, whilst we take care in measuring there may at times be a very slight difference. Delivery We can arrange free delivery to UK mainland; We also have a reliable and good delivery service for single or multiple items to Ireland. This Victorian oak partners desk is a very green product and has not damaged our environment. If you require a shipping quote anywhere else in the world, we can arrange that as well. G...
