Description

Very well proportioned French Empire style freestanding partners desk with its original matching desk chair, circa 1880. The desk stands very well for a large piece, the tapering legs and brass mounts giving it a lighter feel than a typical pedestal desk. Also being a freestanding desk, the reverse is finished the same as the front...the rear having "faux" drawers, all with brass mounts etc. The matching chair is very complimentary to the desk, being a great height for comfortable use without leg height issues. Certainly a desk that one would be happy to sit at in a working home office environment and its a wonderful set to look at too! Priced as the set... Desk dimensions: 30 1/4 inches or 77 cm high 59 inches or 150 cm wide 31 inches or 78.5 cm deep 24 inches or 61 cm knee hole height 22 3/4 inches or 58 cm knee hole maximum width.
