Description

English 1934 silver pocket watch by Pearce & Sons. The watch has a good quality English movement which is working nicely. The movement is signed Pearce & Sons Ltd, Makers to the Admiralty, Leicester, Leeds & York, and it is all protected by an inner hinged cover. The watch measures 54mm diameter excluding the winding stem and the loop. The case is silver and there are hallmarks inside the two case backs for Chester 1934 along with the mark to commemorate the Silver Jubilee of George V. There is a little unevenness to the back of the watch but otherwise the case is in good condition. The watch glass has light marking but is very acceptable. The dial is in lovely condition, just a little discolouration to the subsidiary seconds dial. Original pin set blued steel hands. The watch comes in a new presentation box.
