Sold**Item Reference: SA99069****Date of manufacture: 1950**

Description

An accomplished oil on canvas painting finished with amazing realism, as the Goddess is superbly painted as if to be made of solid gold. The distinctive three dimensional effect is achieved by the way the artist has drawn his lines and captures the imagination with ease. A specialist subject that may well only excite a certain type of individual who loves anything on the oriental theme of worship. Would be an ideal wall piece for any Thai or Chinese restaurant, being an interesting and decorative item. The condition is perfect and would make an ideal interior design piece. Recently reframed in a more contemporary plain gilt wooden frame. The painting is indistinctly signed in the bottom right hand corner and is described as dating around 1950-60.
