Description

This is an antique cased monocular microscope. An English brass scientific instrument, dating to the late Victorian period, circa 1900. Neatly presented and stored microscope, ideal for display. Displaying a desirable aged patina and in good order. Polished brass frame presents bright golden tones and minimal tarnish. Original glass mirror shows some minor signs of age, but not loss. Articulating upon an axis, the scope can be tilted fore and aft. Monocular scope with single viewing objective beneath the slide stage. Small case of four additional lenses supplied and a spare mirror. Quality mahogany case dressed with an inset, working lock — key present. This is a charming antique cased microscope, with bright golden colour and scientific collector appeal. Delivered polished and ready to enjoy. Dimensions: Case Width: 14.5cm (5.75") Case Depth: 10.5cm (4.25") Case Height: 28.5cm (11.25") Microscope Width: 7.5cm (3") Microscope Depth: 11cm (4.25") Microscope Height: 24cm (9.5") We offer a 100% satisfaction guarantee with all of our antiques.
