Description

A rare late Victorian silver mounted pair of connected double scent bottles, in the shape of a pair of opera glasses, with clear hallmarks for Birmingham 1900 and makers marks for Henry Williamson Limited. One bottle is mounted with a silver hinged lid and collar, with stopper. The other is mounted with a silver screw top lid, cork lined, and collar. Hallmarks appear on the screw top lid and the inside rim of the collar. Hallmarks appear on the collar of the hinged lid (as it is all one piece). The bottles have silver rimmed bases, each hallmarked. The pair of bottles are all made from one piece of cut lead crystal - the bottles are tapered but connected by a plain solid piece of v shaped crystal. The condition is excellent and this is a rare find, perfect for collectors of scent and perfume bottles.
