Description

A nice example of an early 20th Century oak index card filing cabinet. There are four drawers, each with a brass handle and label holder. The drawers are a traditional design with movable block to support the cards but this can be pushed to the back of the drawers to enable the whole length to be used. It is in very good usable condition. The drawers slide open smoothly and are generally clean and tidy. The wood has a wonderful rich patina and although it is not without some small marks and knocks and signs of age and use there is nothing detrimental and it displays well. The best description comes from the photos so please look at them all carefully and if you have any questions just ask. Tracked UK delivery £25
