Description

This is a great piece of early European furniture. Probably Spanish and dates to the 18th century. Made from oak and totally untouched. This was most likely made to be used as a kitchen prep table or serving table. The condition overall is very good with the only marks being consistent with age and use. The wear to the stretchers is so attractive and gives this piece a real charm. The drawers open and shut easily and have attractive brass pulls. Sits perfectly as well. The top can also slide forward allowing for it be used as a writing table. Height 76cm Length 130cm Depth 75cm Price includes UK mainland delivery
