Description

An antique Edwardian sterling silver sugar bowl which has been designed in the form of a coal scuttle with a plain body, stylish handle and resting on a raised circular foot. The original silver spoon, made in the form of a shovel, sits neatly at the top of the scuttle. It is fairly rare to find a sterling silver sugar scuttle as the majority of these were made in silver plate. It would make an interesting addition to a collection and would be perfect to use. It remains in excellent condition. Height: 14.3 cms (5.6") Length: 15.2 cms (6") Width: 9.4 cms (3.7") Weight: 8.6 troy ounces (268 grams) It was hallmarked in Sheffield for 1907 by Mappin & Webb.
