Description

An attractive set of four early 20th century antique pine farmhouse kitchen chairs. The antique kitchen chairs all have slat backrests, with square shaped seats. A particularly good set of farmhouse kitchen chairs, full of rustic charm. Finished with a fresh coat of natural wax. Item Ref; M-4720 . DIMENSIONS: Height – 89.5cm / Width – 48cm / Depth – 49.5cm / Seat Height - 46cm . CONDITION REPORT: In good antique condition throughout with some signs of age. There is surface wear in places including age-related marks and scratches to the backrest, seat and legs (pictured), although quite minimal. There are also minor splits to one of the seats (pictured), however this doesn't affect the overall integrity of the product. There is evidence of historic woodworm, however this is now long gone and has been fully treated as a precaution. The antique pine farmhouse kitchen chairs remain structurally solid and sound, with good tight joints. Finished with a fresh coat of natural wax. Overall, a good set of four antique chairs. Our experienced carpenter meticulously inspects, repairs, and restores each item in our collection. This ensures that every piece you purchase from us is read...
