

SA993769

Victorian tooled leather calling card case.

Price

Sold

Item Reference: SA993769

Date of manufacture: Victorian

Description

This is a super example of a quality Victorian leather calling card case. Super coloured tooled decoration to the front and back and on the sides. It is in great condition. Inside the wonderful pink silk does show some signs of wear from it being opened and shut, but this is to be expected. Two compartments one for calling cards and one has the original card aid memoir and there is a space for a small thin pencil. It will take a modern business card. H 10 cm W 8 cm D 1 cm
