Description

Royal House Antiques is delighted to offer for sale this important, hand made in England, flamed Mahogany Wellington chest of drawers with bookcase middle. Please note the delivery fee listed is just a guide, it covers within the M25 only for the UK and local Europe only for international, if you would like an accurate quote please send me your postcode and I'll provide you with the exact price. This is one of the finest quality antiques I have ever seen, the timber patina is sublime, absolutely exquisite in every way shape and form, the carvings, cuts of wood used, everything is first class, this would have been a no expense spared commission for a very important family. A Wellington chest is a tall chest of drawers with a lockable side panel, the smaller versions are around 100cm with the taller versions coming in at approximately 130cm, this piece is over 150cm tall and has as you can see, a pair of Wellington chests which house an open library bookcase in the middle. The condition is very very good, we have cleaned waxed and polished it from top to bottom, there may be some age and use related patina marks here and there as you would expect from a piece 190+ years...
