Description

Reminiscent of the style of the Brighton Pavilion, this striking 19th Century Heavy Brass Dolphin Door Stop is a very attractive shape. The full tail forms an excellent hand grip making the Door Stop easy to move. The Dolphin has been left in its original patinated condition giving it a Country House feel. The definition to the casting is notable, the scales and spine particularly. Height: 10 inches (25.5 cm) Express delivery within the UK is included.
