Description

Pair of early C19th Regency period "Old Sheffield Plate" wine coolers of campana design. Smart pair of silver-plate wine coolers with elaborate heavily-cast decoration, and cast detail handles. Constructed in three parts, having detachable rims and removable liners. The waisted campana or bell-shaped bodies, raised on a circular socle foot. Minor atmospheric 'bleeding' or wear to the silver plate from cleaning and handling, showing traces of the copper layer beneath. Very minor dents, commensurate with age use and purpose. A highly decorative and practical pair of classic style wine-coolers to grace a dining table, sideboard or serving table. H 11" W 12" D 10" England c.1820
