Description

This sturdily constructed four drawer chest is fitted with an adjustable mirror, stylish metal handles and a bracket feet with castors. The chest has been finished in what is known as the 'scumbled finish' where the wood is over painted to simulate more expensive timber. It is very rare to find this original finish as a lot of pieces were repainted or stripped & is a real 'survivor'. Please see the other antique furniture we have in stock. Dimensions- total height 138cm, working height 79.5cm, mirror with frame height 48cm, mirror only height 42cm, total width 107cm, mirror including sides width 72cm, mirror including frame width 63cm, mirror only width 57cm, depth 51 and mirror frame depth 3cm
