Description

A superb very unusual large English Victorian antique solid sterling silver and mother of pearl server. It is hallmarked for Sheffield 1896 with the makers mark being that of James Dixon & Son. I do not know what it was for although mother of pearl is usually used for serving caviar. It has been superbly designed and is in super condition being free from dings splits chips cracks and repairs, the odd faint nibble. It measures approx. 10.25 inches (25.7cm) long by 4 inches (10cm) wide and weighs 106 grams. A rare piece.
