Description

A good quality late 19thC French brass candlestick or candleholder c1880. This piece is typically known as a chamber stick, to accompany the owner in the house at night, and is an example of high quality late 19thC French metalwork. The candlestick is made of cast heavy and high quality brass, with profuse and fine decoration around the rim, central column and thumb rest. It is a tactile item, usable, decorative and in very good condition.
