Description

A perfect small half round table for a small space. It is a mid 18th century table made of Cuban mahogany with turned legs terminating in pad feet. The gated leg at the back allows the drop leaf to be lifted to make a circular table. It has a central frieze drawer. The maximum depth in the centre of the table is just 39cm so it really is useful for narrow spaces. A good early piece in excellent condition. When the drop leaf is elevated the top is 75cm x 75cm.
