Description

An absolutely outstanding example of these ever popular wall clocks. A 14" dia., white painted dial with black Roman numerals and a convex glass with a heavy, key lockable, cast brass bezel. The mahogany case is beautifully polished with it's original french-polish finish and a rich, age related patina. It is of slim and slender proportions giving a very sophisticated overall appearance to the clock. There is a side inspection door and a drop down door to the base. The 8 day, fusee movement has just been fully overhauled by our BHI registered staff and carries our usual 12mths full parts and labour guarantee. Keeping perfect time and complete with all keys. An absolute King among clocks of this type. All cards accepted.
