Description

This arm chair with the Mahogany show frame dates from around 1900. It is in good condition and was restored not long ago, it almost looks as if it has not been used since other than for show. The woodwork is clean and tidy and the upholstery which has been well done shows no signs of wear, it is upholstered in a quite neutral fabric so should not conflict with others. It has a pleasing detail on the top rail and sits on a cabriole leg, it surprisingly comfy too, as some of these are not particularly so. For sale at a price that you could not even attempt to get it restored for today, and if the chair suits you its a steal. Seat height is a pretty normal 37cms, width is shown below and is measured across arms. Give us a call if you would like to discuss 01565 874075
