Description

Here we have a very nice 18th century George 3rd mahogany tilt top wine table of elegant form. Tripod base with thin turned and carved column with beautifully shaped legs with all the original carving to the knees and claw feet. The thin top has an original carved edge and is one piece. The table is completely original with no repairs or damage. If you turn it upside down you can see that the original bearers and brass catch have all been moved very slightly to one side probably because the top is so thin the screws had given up. 100% original guaranteed. The table is a good colour with original patination and a waxed finish. It stands very well and is of great proportions. SIZE; 22" wide by 17" deep by 27" high CIRCA; 1770 - 1780
