Description

This cupboard started life as a late Victorian washstand but today it makes a really good server or sideboard. The marble top being easily wipeable. The base has good storage with the drawers and cupboards. We have had this in our reception for years and it has served us very well. Coming up to retirement we are moving a good proportion of our stock and we are offering this at £475 which I think is less than we paid for it. Maybe not good business but times have changed. It is in tidy condition but unrestored, all handles are in place but could maybe do with a buff. The marble is in good condition with a rather nice lambs tongue edge. All the mirrors boast a bevel and are good for their age. A quality piece of furniture with good graining, fine carving and all finials in place. The top of the marble is 77cms high other sizes below. it would be hard to find much better quality we suggest at this price. Delivery could be arranged to most areas. Give us a call 01565 874075
