Depth = 6 cm (2.4")

Description

Hi I have for sale a 1900s French carriage clock with a solid restored brass case and movement made for a company called The Reason Manufacturing Company In Brighton the following is what I found on the internet about the company The Reason Manufacturing Co, later Allen West and Co, Brighton, 1897-1993; the Kingston Fire Committee, 1941 The Reason Manufacturing Company was established in the late 19th century with premises in Gloucester Road, Brighton. The Directories of Sussex list H Reason, manufacturer, and publisher, at 112 Gloucester Road in 1891 and the Reason Manufacturing Co Ltd, toy and fancy goods manufacturers, at 111 and 112 Gloucester Road in 1895. Earlier entries record Henry Reason, toy repository, at 150 Western Road in 1887 and Henry Fletcher Reason, fancy repository, and William Reason, insurance agent, at 43½ Ship Street in 1878. By 1896 the firm had expanded into several other premises including Sydney Street, Robert Street, and later 95 Queens Road. By 1910 the company was established as an electrical engineering firm at Lewes Road, Brighton. A detailed account of the origins and early history of the company by Herbert F Reason was published in 1911.
