Description

This rather unusual spelter lamp is for sale of behalf of a client who is moving house. It is working order as can be seen but we feel it needs to be rewired before use, as the wiring is not up to date. Castings are crisp and clean and its an impressive size. Might go well in a restaurant in a steel town maybe or perhaps for someone with a family history in that occupation. It depicts an iron worker and the box on the base lights up which is quite novel. It can be used with just that on or with all on. It has come with a totally non associated shade that fits it rather well. That can go with it if the purchaser would like it. Please see pictures as they tell mmuch more than I can within the space here. Give us a call if you would like to discuss. Keenly priced we feel as client is moving, as mentioned, and would like to clear a couple of bits and pieces.
