Description

A very unusual set of 19th Century Windsor Chairs. In 40 years I have not seen this design before and would have originated from one place probably in East Anglia. Made of Ash & Elm, sturdy and they were very dirty so we have stripped them back and made them lighter in colour. You may wish to wax them but we have left them raw as some clients prefer. In very good original condition with lots of character. Height 89 cm Width 37 cm Depth 39 cm Seat Height 46 cm
