Description

Antique silver Uno pocket watch and chain. The watch has a Swiss 15-jewel stem-winding movement which is working nicely. The movement is signed with the name Uno together with the mark for the importers Dimier Freres & Cie. The movement is protected by an inner hinged cover. The watch measures 49mm diameter excluding the winding stem and the loop. The case is silver and there are hallmarks inside the case backs for Birmingham 1934 together with the special mark to commemorate the Silver Jubilee of King George V. The front and sides of the case are in good condition, just the odd small mark. The case back has a few little marks and a little unevenness. The glass lens is in good condition (some reflection showing in the photos). The dial has blued steel hands, a subsidiary seconds dial and outer minute markers. There is a short faint hairline between 10 and 11 but not too noticeable to the naked eye. The watch comes with a single chain, 27cm long including the T-bar and the clasp. Each of the links has the lion silver mark and the clasp is hallmarked for 1897. The watch and chain come in a new presentation box.
