Description

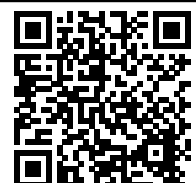

A rare beautiful Art Deco Polish solid silver and rose gold cigarette case. It is hallmarked with the 875 standard Polish mark for Warsaw and the makers mark being KiM. I would date it to c1940. It has been stylishly designed and is in very good condition being free from dings splits and repairs. It measures approx. 4.25 inches (11cm) long by 3.25 inches (8cm) wide and weighs 148 grams. A beautifully designed piece.
